

InB-MG915H-H100-SMA
Magnetic Antenna with Copper Bar

INBYTE ELECTRONICS CO., LTD.

Tel: +86-755-23174939

Email: support@inbytecn.com

Web: www.inbytecn.com

Add: E239, Building 1, Hairong Haoyuan, Dalang South Road, Longhua, Shenzhen, China.

1. Product Picture (with SMA connector)

2. Product Features Example

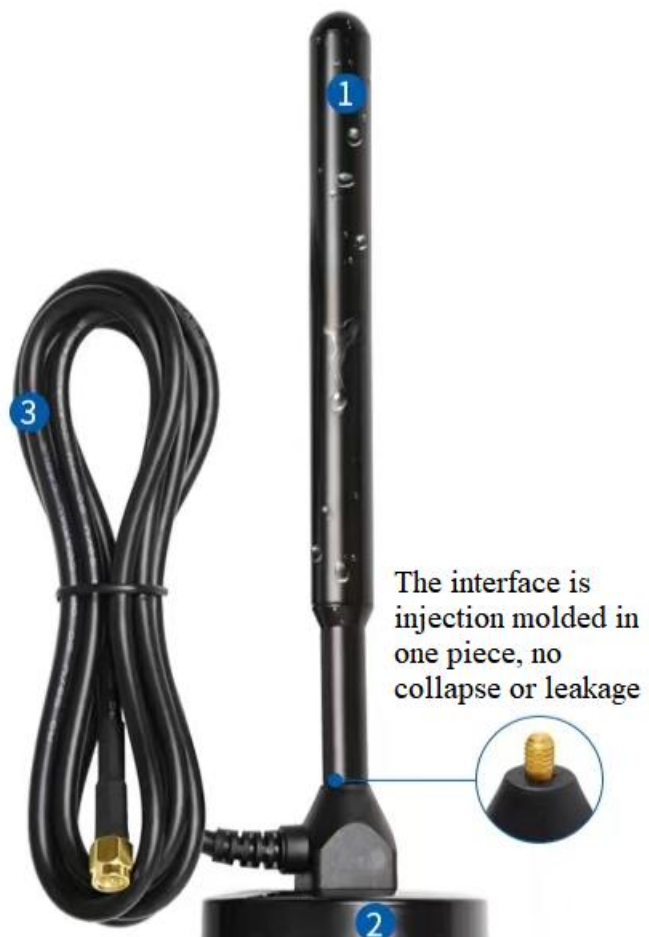

Pure copper bar
Waterproof and anti-freeze,
high conductivity, low loss

Strong Magnetic Base
Strong suction, stable and won't
fall off

RG58 Wire
Anti-interference, stable
transmission, strong and
tensile resistant

3. Technical Specs

Electrical Specifications	
Frequency Range (MHz)	915
Input Impedance (Ω)	50
V.S.W.R	≤ 1.5
Gain (dBi)	5.0 ± 0.5
Antenna Height (cm)	23
Polarization Type	Vertical
Maximum power (W)	10W
Vertical lobe Angle (E)	$45 \sim 60^\circ$
Water plane lobe Angle (H)	360°
Mechanical Specifications	
Material	Copper
Connect Type	SMA (Male connector)
Cable	RG58
Cable Length	0.5m~10m (Customized)
Size	230* ϕ 62MM
Operating Temperature	$-25 \sim +75 \text{ }^\circ\text{C}$
